

## Students' Seminar on "South Asia- Global LNG Hotspot" by Tenzin Jigme – August 18, 2017

Venue- B.Ed Classroom

Speaker—Tenzin Jigme

Participants- Shubham Kapoor and Cecily Anthony

Organizer- Prof. Sarita Negi

Liquefied Natural Gas is converted to liquid form for ease in transportation, storage etc.

Tenzin Jigme gave his views on South Asia becoming a source of LNG for other countries.

During the presentation he focused on the properties of LNG and its importance in the field of science. He also told that Bangladesh is set to join India as a consumer of LNG for various tasks.
