ICFAI was established in 1984 as a not-for-profit society with the broad objective of empowering citizens through world class quality education. The Institute announced its arrival into the Indian education arena by launching a high end, innovative professional program in financial analysis in 1985. The Program was first-of its kind in India, aimed at equipping students and working professionals with cutting-edge knowledge in contemporary areas of finance. Since its establishment, ICFAI Group has made a significant mark in the Indian education field with a pan-Indian network and presence.

Innovation has been the mainstay of ICFAI Group with innovation prevalent in its programs and even its culture. Subsequently, there was a big leap when ICFAI Group started its chain of business schools (IBS) across India in 1995 to offer management program. Since its inception, IBS has been consistently ranked among the top ranked B-Schools of India providing excellent academic delivery and infrastructure to its students and transforming them into leaders for the future.

Another example that is a testimony to the culture of innovation is the introduction of Case Study methodology at IBS. The Case Research Center at IBS, has become a center of excellence and has won several accolades across the world. ICFAI Group has 2 Strategic Institutional Units, the ICFAI Universities and the ICFAI Business Schools. In all the programs offered across these units, the emphasis is on adherence to academic rigor and differentiated curriculum that bridges the industry – academia gap.

ICFAI Group focuses on learning rather than instruction. In addition,

the institution is engaged in important areas of research covering environmental sustainability, agricultural economics, health policy, financial economics, banking, intellectual property rights etc. There have been path-breaking research and good quality publications in these areas.

Flexible and tech enabled learning also plays an important role in ICFAI's teaching methodology. The delivery takes place with the use of hitech learning management system at campus programs and content delivery for distance learning through online medium.

ICFAI Group practices the value of academic integrity at all levels. As a policy, admissions are purely based on merit and there is nothing like capitation fee et al. The fee payable is published in the application material and that remains unchanged.

The ICFAI Group's culture of teaching and learning supports and fosters intellectual and personality development among its graduating students. They carry an attitude of ownership of their work. ICFAI Group strives to make the students - DOERS. The programs are designed such that the students & professionals graduating from the institution have the ability to take risks, make decisions and own the work. ICFAI Group strongly believes in developing an 'entrepreneurial mindset' among its graduating students.

At ICFAI, students inculcate research and analytical orientation due to its institutional strength and support for the research and development activities. Holistically, the student undergoes a transformative change.

The alumni of ICFAI Group are working in renowned companies worldwide. Collectively, ICFAI Group alumni contribute significantly to the growth story of India.

Alumni Column

Pleasantly acknowledging this humbling opportunity of putting forth my views on the “Placement Cell” of The ICFAI University, Dehradun, I'd certainly make an earnest mention of Respected , Mr. Diwakar Das, Sir who, akin to a rock solid backbone of this immensely crucial department, has ceaselessly displayed an effortless backing to all of the institution's students under all challenges or constrains, whatsoever.

The Placement Cell of an Institution holds a significance, immensely vital to materializing the practical exposure and imperative knowledge lying beyond books for an aspiring professional and which, in the case of Law, where field work speaks, on a larger scale, has an undeniably augmented worth.

Considering the above, our enormously co-operative and eagerly supportive mentor and guide, Sir has practically stood by consistently and always does, with every individual in need, case wise, respectively as a guiding sun that never fades at any stage of aid and in relevant cases, even post bidding adieu to the Institution, officially.

I again, sincerely extend my heartfelt acknowledgment on a personal level to the Placement Cell, engineered by Sir who, with an undying amicable approach and hospitable demeanor irrespective of the voluminous bulk of duties, besides placing students or fixing internships for them, in due pace and process, has always been available with the most promising air, an anxious student looks ahead to.

On a final note, I pray and hope that the Institution grows from strength to strength on a practical parameter under the potent influence of the Placement Cell.
