

Automatic Data Processing (ADP) selected 4 Engineering Graduates of IUD

After CapGemini, one of the top rated software service provider French company which picked up 19 would be graduates of computer science, ADP was the next to come forward. They selected four CS graduates with a package of 3.65 Lack per annum. ADP which is high ranked by Fortune 500, is one of the famous US companies rated AAA by both S & P and Moody's. It is also ranked 1st in Fortune's "World's most admired companies".
