
	Brief Profile <div>  <small>Recognised under Section 2(f) of UGC Act</small> </div>	
	Ms. Anzla Shirin B.Pharm , M.Pharm (Pharmaceutics)	Designation Assistant Professor , ICFAI School of Pharmaceutical Sciences, The ICFAI University , Dehradun.

Academic Achievements

Ms. Anzla Shirin has successfully completed her Master of Pharmacy (M.Pharm) in Pharmaceutics in the year 2024. Her strong academic foundation in pharmaceutical sciences is complemented by her practical industry experience, which enhances her teaching and research capabilities.

Professional Experience

Prior to joining academia, she worked as a Regulatory Affairs Officer in the pharmaceutical industry. This role enabled her to gain comprehensive insights into drug approval processes, regulatory documentation, and compliance standards—knowledge that she now integrates into her academic responsibilities.

Research Interests

Her research primarily focuses on advanced drug delivery systems. She has conducted an in-depth research project titled: “Formulation and Evaluation of Drug Loaded Nanoparticles of Clarithromycin for the Treatment of Pneumonia” This work explores the potential of nanotechnology in enhancing drug targeting and therapeutic outcomes, particularly in respiratory infections.

Publications

She has published a review article on “Transungular Drug Delivery”, reflecting her early contribution to emerging drug delivery techniques and her commitment to advancing pharmaceutical knowledge.

Industrial Training

She has completed a 3-month industrial training program in the Production Department across different pharmaceutical organizations in Dehradun. This hands-on experience has deepened her understanding of manufacturing practices, quality control, and production workflows in the pharmaceutical sector.
